AMENDMENT AUTHORIZING THE LEVY  
OF UP TO AN ADDITIONAL 3 MILLS FOR 5 YEARS

Section 1 of the general taxation chapter of the City Charter currently provides the amount annually levied for property taxes shall not exceed ten mills by operation of law.

The proposed amendment would add section 1(b) to the general taxation chapter to authorize the levy of up to an additional 3 mills for 5 years, beginning in the 2018 tax levy year and running through the 2022 tax levy year, inclusive. The sole purpose of this additional millage is for street and sidewalk improvements throughout the city, including curbs, gutters and drainage facilities as needed.
